

The Global Entrepreneurship Monitor (GEM) project

The Global Entrepreneurship Monitor (GEM) project was initiated in 1999 by the London Business School (LBS), UK, and Babson College, USA, and is being carried out year after year since then. GEM consortium has published several research based reports on Entrepreneurship at global and national levels.

This time EDI is the lead institution for GEM India Report-2012 project. EDI, ISB-Hyderabad, IMT-Ghaziabad and Portsmouth Business School, U.K. will work together for the GEM India Report-2012.

The first meeting for GEM India Plus Team formation was held on 22nd December, 2011 at ISB, Hyderabad.
